ALIOTH

Intelligent Lenses

Happy Eyes. Healthy Life.

Vision

Yash O&L thrives to be the best optical solutions company from India, delivering the latest in vision healthcare, both domestically and internationally.

Mission

Yash O&L is fully committed to attain its vision through an unwavering adherence to its mission of employing the best cutting edge technology for delivering the best in vision healthcare solutions.

Corporate Philosophy

Yash O&L pursues a single minded philosophy of valuing the precious vision of all those who value their lives; to ultimately deliver happy eyes that enable their healthy life.

Core Values

Honest Practices
Dedication & Commitment
Technology Adoption
Passion to Deliver
Customer Service
Vision of Growth

Yash Optics & Lens,

is the fastest emerging technology-driven optical and lens company from India. Having carved out a niche for its expertise in manufacturing optical lenses over the last 23 years, today, Yash O&L stands at the forefront of delivering hi-tech digital vision healthcare solutions. Yash Optics & Lens offers the widest range of high quality digital freeform progressive lenses. From quality single vision lenses to advanced progressives lenses, customised progressive lenses to the top-of-the-line personalised progressives for professionals, and industry leading range of premium coatings.

Yash O&L is recognised for its constant technological advancement and topnotch quality. Its state-of-art manufacturing facilities at 3 locations are equipped with the latest high end machineries employing the world renowned German precision technology processes ...to create the widest range of optometric designs and customisation possibilities, that are easy to adapt in daily lifestyle and best suited for varied professions.

Yash O&L is a happy close-knit family of over 320 members, whose dedicated hard work and untiring efforts for over two decades; along with committed customer service; has created more than 9.7 million satisfied consumers and is growing.

At the core of Yash Optics & Lens is its mission to offer all Indians the latest and the best in vision healthcare solutions, tailor-made for each individual's work, leisure and lifestyle. Yash O&L continually endeavors to provide superior quality products, service and technical support to its customers for creating happy eyes that enable healthy living.

We present ALIOTH, a range of lenses designed based on sophisticated optometric algorithms, in collaboration with IOT, a multinational provider of revolutionary customized innovations to the global optical industry.

Come, enter the world of Yash Optics and Lens...

ENDURANCE

- Precise and comfortable focusing for all working distances in any direction of gaze.
- Near elimination of peripheral blur.
- Superior visual quality when using digital devices.
- Higher image stability for reduced swim effect.
- Improvement of peripheral visual acuity in the distance zone.

RAY

- Wide near and far visual zones
- Perfect balance between near and distance
- Comfort and high precision together in the same lens
- High precision and high personalization due to IOT Digital Ray-Path 2 technology
- Clear vision in every gaze direction

SPORTIA

- Maximum distance vision.
- Unmatched dynamic vision with comfortable and precise focus at any distance.
- Optimized fields of view, even with highly wrapped frames and higher prescriptions.
- Near elimination of peripheral blur.

DRIVVY

- Improves the visual experience of the wearer when driving in daytime and night-time conditions.
- Compensates for the effects of night myopia with a unique zone to provide better focus.
- Optimized vision for a better view of the dashboard and mirrors.
- Reduces visual fatigue symptoms when driving at night.
- Greater visual acuity for easy focus and more agile eye movement.
